Who can book the scout hostels?

Any entity, formal or informal group can go to the scout hostels, which means that associations, families and individuals can all enjoy them. The 'Entity name' field is for the name of the group or association or the name of the representative of the people going. The name appearing in this field is that which will appear on the bill issued by the Maria Ferret Foundation.

Why can't I book a property 4 days before I enter?

There is nobody working continuously in the scout hostels, but rather our staff go there each time to open up or close the property and to carry out all maintenance or improvement work. This is the time we need to get the property ready before a group goes in, and is also the time we need for each worker to plan and organise their working and family life.

How do I get to the property? Can I get there by car?

There is a link to Googlemaps in the booking section of each property. In Son Serra you can get to the property by car, which you can only leave in the place indicated by the person who comes to open up.

How far is it to the beach?

Sa Torrentera is near Sencelles, in the middle of Mallorca. Any beach is far.

Do I have to go and collect the key or will someone come to open up?

When we confirm your booking and that we have received your payment, you will receive an electronic mail with the name and telephone number of the person who will come to open up for you. It is very important when you make the booking that you should correctly mark the arrival and departure times, for the person will come especially to open up for you. If you want to change these times, you can send us an electronic mail and we will change them. We recommend that a few days before you should contact the person who will come in order to confirm the times.

Will my group be alone on the property?

Why do I have to pay for a minimum number of places?

Sa Torrentera there is only one group. To compensate, the Maria Ferret Foundation has established minimum occupancy in each area to guarantee minimum income from each stay, for in the end it is the income from the stays that enable us to restore and improve the properties.

There is a kitchen with stove and oven, a fridge and a conservative. There are plates, cutlery and cups and bowls for some 15 people. There are also large saucepans, a couple of frying pans, a toaster, a couple of spatulas and large kitchen utensils, a couple of trays and things to lay out what you cook.
